Copper View 5th Grade Celebration Tuesday, Feb. 27, 2018 @ 1:00PM

*Be KIND Paver & Bench dedication in the
Playground & School Garden. Followed by a
Certificate Ceremony in the cafeteria.*

On Tuesday, February 27, 2018, Copper View will host a special event for our 5th grade students at 1:00PM. Many of the 5th grade students have been at Copper View since the school opened in 2012. We have new and returning students as well. The students are our first class, so we are honoring the students with a 5th grade celebration ceremony. The 5th grade students have collaborated with each other and created a design for a paver and bench as part of being kind. We will install these new pieces by the playground and school garden. In addition, we will have a certificate ceremony. Refreshments will be provided afterward.

Parents, guests, and families are invited to attend!
