Office of the Assistant Superintendent for Administrative Services

Dear Parent/Guardian:

Thank you for considering enrolling your child in a Sahuarita Unified School District school under the SUSD Governing Board policy JFB – Open Enrollment.

Open enrollment must be approved on an **annual** basis and is contingent upon the following criteria:

- availability of space,
- academic progress,
- discipline history, and
- attendance history

Please note, transportation is NOT provided by the District to open enrollment students.

Enclosed you will find an open enrollment packet for the 2017-2018 school year. This packet consists of an open enrollment application, an open enrollment contract, and copies of SUSD policies JFB – Open Enrollment and JFB-R Open Enrollment Regulation. If you and your child are interested in being considered under open enrollment for the upcoming school year, please carefully read the enclosed information and complete the application and contract. These items must be returned to the **school** in which the student is requesting admittance **along with copies of your child's current grades, attendance history, discipline history, and proof of residency** for the **principal's review**.

If you are requesting consideration for open enrollment, these items should be returned to the school by **February 22, 2017**. All packets will be reviewed on a first-come, first-served basis and the schools' open enrollment capacities fill up quickly. Please return your packets as soon as possible. If the application is received after **4:00 PM** on **February 22, 2017** it has a higher risk of being denied due to capacity issues.

Each packet will be considered based upon the enclosed open enrollment policy. If the packet was received by April 15th, a letter will be sent to you by the requested school no later than **June 30, 2017** indicating the outcome of your application. The letter will indicate acceptance, wait list, or denial of the application. If approved, that letter will serve as notification of approval for your open enrollment student for the 2017-2018 school year. If your packet was received after April 15th, notification may not be made to you until after the start of the school year.

Thank you for your past participation in the open enrollment program. We look forward to providing each student in our organization with a high quality education.

Sincerely,

Scott D. Downs
Assistant Superintendent

OPEN ENROLLMENT**

The District has an open-enrollment program as set forth in A.R.S. [15-816](#) *et seq.* The open enrollment program described in this policy shall be placed on the District website and made available to the public on request.

No tuition shall be charged for open enrollment, except as authorized by applicable provisions of A.R.S. [15-764](#), [15-797](#), [15-823](#), [15-824](#), and [15-825](#).

Definitions

Resident transfer pupil means a resident pupil who is enrolled in or seeking enrollment in a school that is within the school district - but outside the attendance area - of the pupil's residence.

Nonresident pupil means a pupil who resides in this state and who is seeking enrollment in a school district other than the school district in which the pupil resides.

Enrollment Options

District resident pupils may enroll in another school district or in another school within this District. Resident transfer pupils and nonresident pupils may enroll in schools within this District, subject to the procedures that follow.

Information and Application

The Superintendent shall prepare a written information packet concerning the District's application process, standards for acceptance or rejection, and policies, regulations, and procedures for open enrollment. The packet will be made available to everyone who requests it.

The information packet shall include the enrollment application form and shall advise applicants that they must submit enrollment applications on or before April 15 of each year to be considered for enrollment during the following school year.

Capacity

The Superintendent shall annually estimate how much excess capacity may exist to accept transfer pupils. The estimate of excess capacity shall be made for each school and grade level and shall take into consideration:

- District resident pupils in assigned school attendance areas, including those issued certificates of educational convenience and those required to be admitted by statute.
- The enrollment of eligible children of persons who are employed by the District.
- Resident transfer pupils who were enrolled in the school the previous year.
- Nonresident pupils who were enrolled in the school the previous year.

The Governing Board shall make the final determination of excess capacity and may require resident transfer pupils and/or nonresident pupils to be subject to the enrollment priorities and procedures found below. The excess-capacity estimates shall be made available to the public in March of each year.

Enrollment Priorities

If the Governing Board has determined that there is excess capacity to enroll additional pupils, such pupils shall be selected on the basis of designated priority categories from the pool of pupils:

- Who have properly completed and submitted applications; *and*
- Who meet admission standards.

Enrollment priorities and procedures for selection shall be in the order and in accordance with the following:

- Enrollment preference shall be given to resident transfer pupils who were enrolled in the school the previous year and any sibling who would be enrolled concurrently with such pupils. If capacity is not sufficient to enroll all of these pupils, they shall be selected through a random selection process adopted by regulation of the Superintendent.
- Enrollment preference shall be given to nonresident pupils who were enrolled in the school the previous year and any sibling who would be enrolled concurrently with such pupils. If capacity is not sufficient to enroll all of these pupils, they shall be selected through a random selection process adopted by regulation of the Superintendent.
- Enrollment preference shall be given to resident transfer pupils who were not enrolled in the school the previous year. If capacity is not sufficient to enroll all of these pupils, they shall be selected through a random selection process adopted by regulation of the Superintendent.
- Enrollment preference shall be given to nonresident pupils who were not enrolled in the school the previous year. If capacity is not sufficient to enroll all of these pupils, they shall be selected through a random selection process adopted by regulation of the Superintendent.

Admission Standards

A pupil who has been expelled by any school district in this state or who is not in compliance with a condition of disciplinary action imposed by any other school or school district or with a condition imposed by the juvenile court shall not be admitted. Acceptance for enrollment may be revoked upon finding the existence of any of these conditions.

A school shall not admit a pupil if the admission of the pupil would violate the provisions of a court order of desegregation or agreement by a school or district with the United States Department of Education Office for Civil Rights directed toward remediating alleged or proven racial discrimination.

Notification

The District shall notify the emancipated pupil, parent, or legal guardian in writing by June 1 whether the applicant has been accepted, placed on a waiting list pending the availability of capacity, or rejected. The District shall also notify the resident school district of an applicant's acceptance or placement on a waiting list. If the applicant is placed on a waiting list, the notification shall inform the emancipated pupil, parent, or legal guardian of the date when it will be determined whether there is capacity for additional enrollment in a school. If the pupil's application is rejected, the reason for the rejection shall be stated in the notification.

As provided by A.R.S. [15-816.07](#), the District and its employees are immune from civil liability for decisions relative to the acceptance or rejection of the enrollment of a nonresident student when the decisions are based on good faith application of this policy and the applicable statutory requirements and standards.

Transportation of Students Admitted Through Open Enrollment

A resident transfer student is eligible for District transportation on routes within the attendance boundaries of the school to which the student has been accepted for open enrollment transfer. It is the responsibility of the parents or guardians of the resident transfer student to have the student at a designated pickup point within the receiving school's transportation area.

Nonresident open enrollment students are eligible for District transportation from a designated pickup point on a bus route serving the attendance area of the school to which the student has been admitted, or as may be otherwise determined by the District.

The District *may* provide transportation for open enrollment nonresident students who meet the economic eligibility requirements established under the national school lunch and child nutrition acts for free or reduced price lunches:

- of not more than twenty (20) miles to and from:
 - the school of attendance, or
 - a pickup point on a regular District transportation route, or
 - for the total miles traveled each day to an adjacent district.

The District *shall* provide transportation for nonresident transfer students with disabilities whose individualized education program (IEP) specifies that transportation is necessary for fulfillment of the program:

- of not more than twenty (20) miles to and from:
 - the school of attendance, or
 - a pickup point on a regular District transportation route, or
 - for the total miles traveled each day to an adjacent district.

Exception

Should there be excess capacity remaining for which no applications were submitted by the date established, the Superintendent, upon approval by the Board, shall authorize additional enrollment of nonresident pupils:

- Up to the determined capacity.
- On the basis of the order of the completed applications submitted after the notification date established in this policy.

- Without regard to enrollment preference.
- As long as admission standards are met.
- Whose applications are submitted by April 15.

REGULATION REGULATION

OPEN ENROLLMENT

Selection Process

All applicants will be accepted if there is sufficient capacity. Names of applicants that cannot be accommodated will be placed on a waiting list established for each enrollment priority group. Applications received during the school year will be placed last on the waiting list in the appropriate enrollment category. The District will determine whether the student's admission would be in conformity with its admission criteria. To ensure notification by June 1, the open enrollment form must be submitted by April 15. If an open enrollment form is submitted after April 15, parents may not be informed until after school begins.
