# X. Board Reports

The Governing Board may present reports at this time.

Shari Lowell said that she loved the article in the paper about our teaching. Especially on subject matter experts. One thing that I wanted to just add, as an adult getting my post baccalaureate certification as teaching in the corporate world. One thing that is really important for certified staff is classroom management and development. You can be a subject matter expert but without that training it makes a huge difference in the classroom. She mentioned that Boys State is coming up, her son is one of the students that is participating, along with Kevin Sorkin, and Tristin Thomas. They are going up by bus on Sunday for Boys State.

Dalia Zimmerman thanked everyone for inviting her to the party. She said that it was such an honor to be part of all of the celebrations, and all the work that the families did to get their student to the point to graduate. There is something coming up in our community that is of concern, Copper Point Development. They are coming before the Town around June 12<sup>th</sup>, and I hoped that we could put into writing our position, similar what was discussed the night they came to the Board Meeting. Just for clarification to the Town. As far as what communication has been done between us and Copper Point. Also, what the expectations were, and what the collaborating, and what we wanted, land, cost of school. I believe that we need to communicate strongly for our town, the individuals pay for our schools. They need to know that we are doing everything we can to make sure that everything is fair for everyone that comes in, and no one is sheltering the burden.

Tom Murphy said it was nice to be invited to the party. He thanked all the principals, 8<sup>th</sup> grade promotions, and high school graduations. He thanked Facilities, they are packing up, breaking down, hauling off stages. Fortunately, we have 2 stages now. It was a great year for the bus driver, on graduation we were shuttling

people around. If we do something for the people who supported Grad Night at WGHS. It is a great effort to transform that gym. As well as recognizing Jim Click for donating a car, a public thank you, would be appreciated. Also, he thanked Southwest Foods, end of year appreciations, he enjoys cooking with everyone. It is a lot of work for Southwest Foods, we do notice all of your hard work. I know that there were a few items on the agenda for building renewals. He requested to learn more about the SFB process and getting reimbursed for the schools that we have built. We deserve to be reimbursed. It sends a positive message to our community and how to get them back. Get ready for August. Mr. Murphy also thanked Amber for communicating all the information through social media.

Kris Ham thanked everyone and told everyone to enjoy their down time.

John Sparks said that it is amazing to see all of the events at the end of the year, especially graduation. He said he didn't hear anything negative. Speaking with officers after the events, it is impressive to see such big events to go off with no problems. The shutting down of schools to getting to the end date, keeping kids motivated and learning in the last days. He thanked everyone for all that they do. He said that it was fun to speak with people at the breakfast. He hopes everyone gets some down time.

- XI. Establish Next Board Meeting June 14, 2017, at 6 p.m., District Auditorium
- XII. Executive Session Discussion and Possible Action None
- XIII. Adjournment
