Transportation Department

MEMORANDUM

Date: Thursday, February 10, 2022
To: Students & Parents of WRS RT#32
From: Stanley Holtsclaw, SUSD Transportation Dispatch
Subject: Project R.O.A.R. (Route Optimization and Realignment)

To the Parents, Guardians, and Students of WRS RT #32:

In support of our ongoing optimization efforts, we are implementing a gradual, phased **consolidation of bus stops known as Project R.O.A.R.** (Route Optimization and Realignment). Project R.O.A.R. will utilize central locations, such as the neighborhood parks, to consolidate the number of bus stops for each bus route. The revisions will change bus stop locations, pick-up and drop-off times, and foreseeably the bus route numbers. However, these changes will result in fewer disruptions to the transportation schedule, shorter and more consistent wait times for students, and ensure students arrive on time to school each day.

Your child’s new bus route #32 will take effect on **Wed., February 16, 2022.**
